Dibal D-900 scales combine the advantages of both **vendor touchscreen** and **customer advertising display**, with the simplicity and economy of **traditional electronics**.

Easy programming

Intuitive user menus.

Access to all functions of the **user and technical menus from the vendor screen** (possibility of programming security passwords).

Selection of the most frequent functions in **"Favourites"**.

Configurable vendor's touch screen

Total customization of the screens.

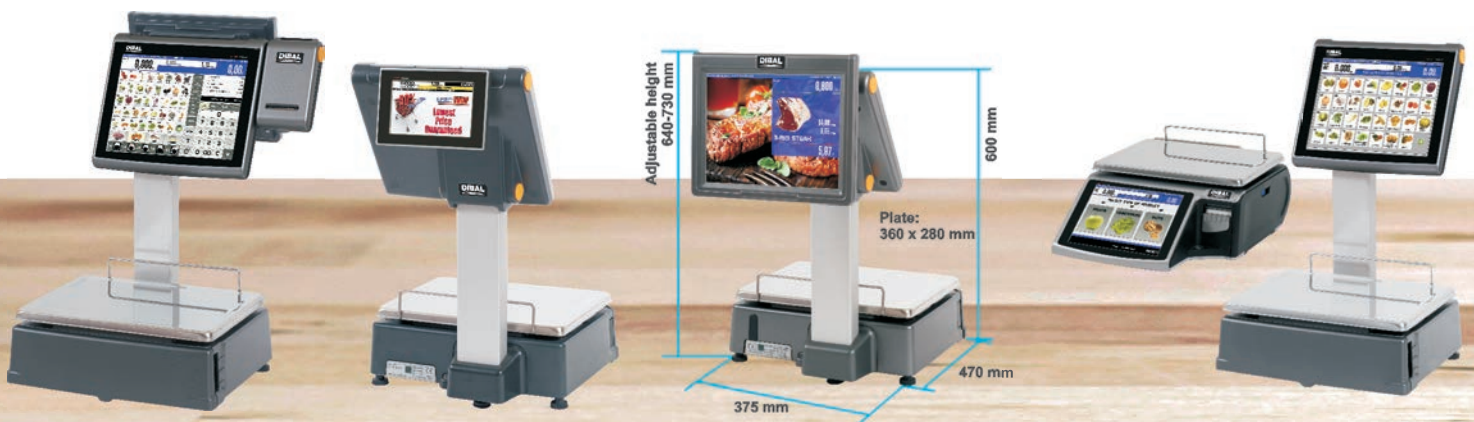

More frequent receipt or label function keys, with selectable background colour.

Pre-set keys for PLUs, sections and vendors, whereby the image, quantity and size can be configured.

Double body: Receipt, Receipt/Label, Receipt+Label, TFT 12"+7" or 12"+12"

Self-service: Label, TFT 10.4" or 12"

Advertising in buyer display

Allows showing advertising or promotional images **even during the selling operation.**

Cross selling: showing the picture of a complementary product on buyer display when selling a product.

Easy design of advertising images with Dibal CDA PC software (for Windows).

Up to 30 kg,
mono-range
or multi-range

999 pre-set keys
(with quick
change of prices)
and up to 10,000 PLUs
in memory

Receipt or
label
information

Configurable
receipt
or label
functions

Up to 20 sections

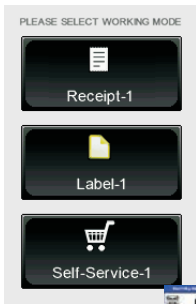

Up to 20 vendors

Flat/Pole: Receipt/Label, TFT 10.4"+7" **Hanging St. Steel:** Receipt, Receipt/Label, Receipt+Label, TFT 12"+7" or 12"+12"

Working modes

Selectable in each scale:

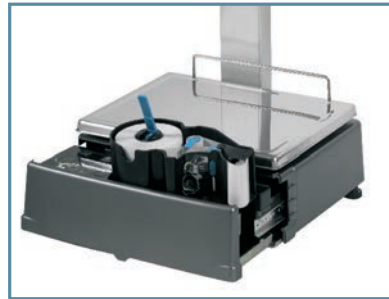

- Receipt.
- Label.
- Self-service.

Self-service mode

Printers

- 1 or 2 printers.
- 2" thermal printer.
- 100 mm/s speed.
- Cassette for **quick change** of paper roll (in label printer).

Built-in scanner

- **Reduce time and errors** in the sale process with a quick reading of barcodes.
- **Optimize the space** in store thanks to its small dimensions and its perfect integration in the scale.

Connectivity and communications

<p>24 VDC</p> <p>Cash drawer and queuing system (hanging scales)</p>	<p>RS-232</p> <p>Scanner (powered by the scale)</p>	<p>ETHERNET TCP/IP</p> <p>Scales interconnection and PC communications</p>	<p>WiFi</p> <p>WI-FI (Optional)</p>	<p>USB</p> <p>Data and configurations upload/download</p>
