RT-2015/2016

Fanless POS Terminal

Authorized Distributor / Reseller

POSIFLEX

The RT-2000 Series radiates in its new design – featuring an ultra-slim and sleek look that exhibits elegance. It is uncompromising to the space requirements and provides better cable management and easy maintenance. The new RT-2000 Series is taking POS terminal design into the next level, setting your brand image apart from the others.

Full HD 15.6"
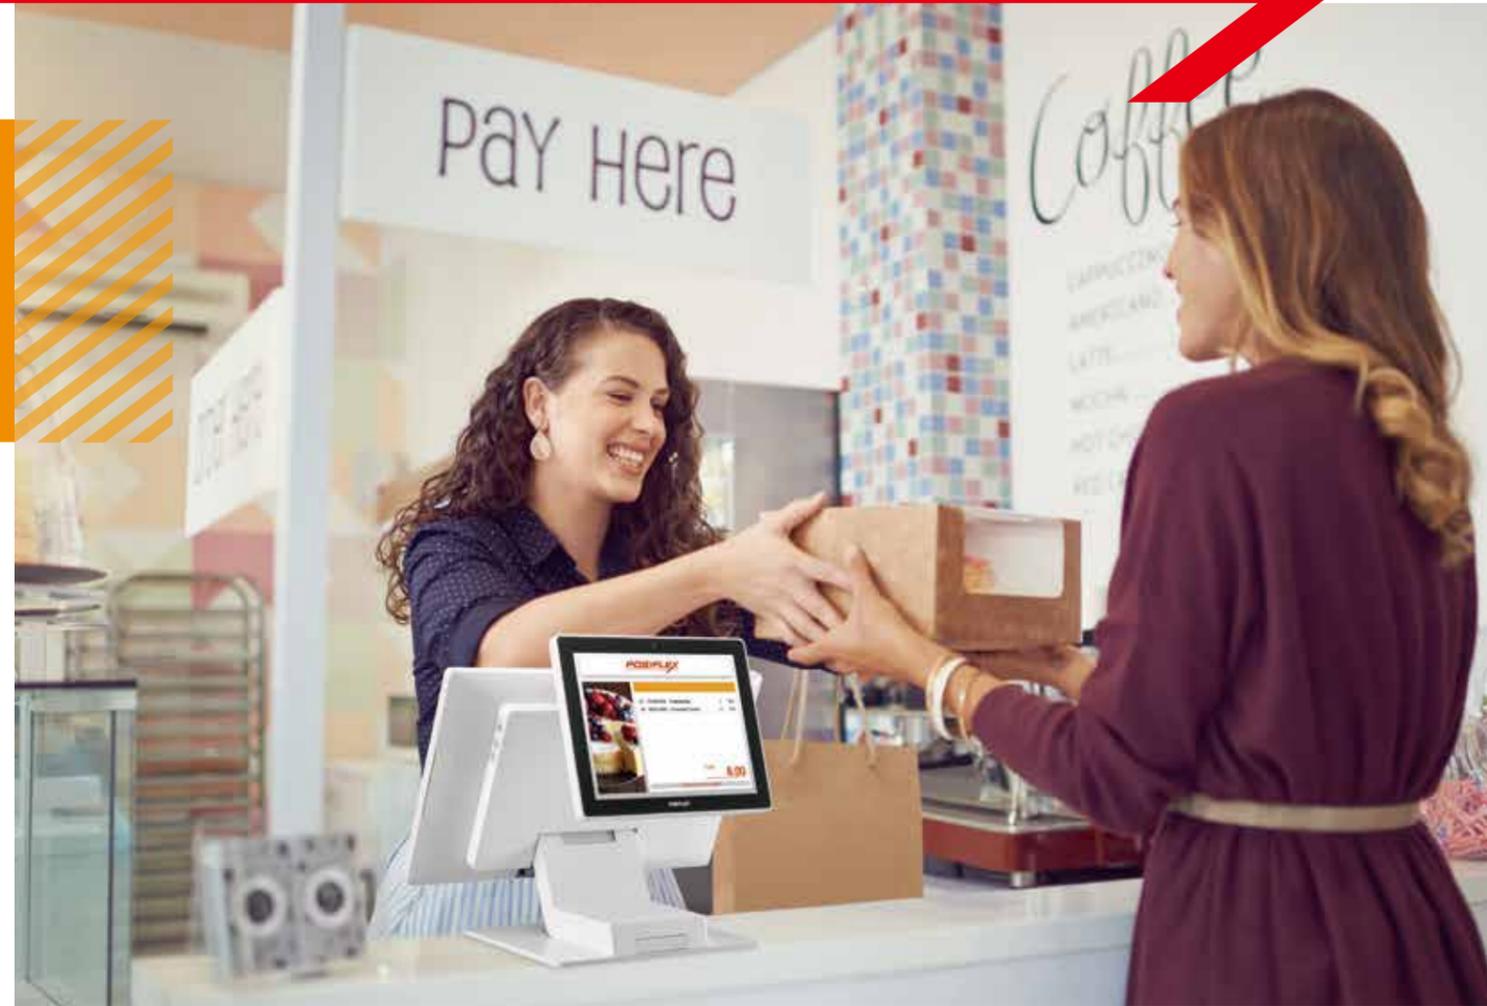

Slim & Stylish Look

With stylish, fluid contours for its base and true-flat design, the RT-2000 Series has 15" or 15.6" PCAP touch screen, and full suite of ports that are hidden in the clean rear cover. No screws can be found on its surface maintaining a neat and sleek look.

Patented Fanless Technology

The RT-2000 Series is built to perform in harsh environments that involve dust and liquid spills. Its patented fanless technology allows the unit to run silently and eliminates a potential point of failure, thus reducing service costs.

Fanless Technology	Dust Resistant	Water Resistant	Money Saving

Clean Cable Management

A unique cabling system (I/O expansion are centralized and hidden in the rear cover) delivers a truly clutter-free station. The standard base can house the optional PoweredUSB or USB extension module, while retaining the sleek look.

Expandable USB Module

Maintenance & Shipment with Ease

Its rear cover can be easily and toolessly removed, which allows for easy installation, maintenance and upgrade. The unit can be shipped with line display or 9.7"/10.1" 2nd customer facing LCD display attached and folded to lessen the deployment effort, at the same time saving the package volume.
